## Instructions to candidates

1. Make sure that you have the right question paper. Read the instructions on the question paper.
2. Write your answers legibly on the right hand pages of the book. The left hand (blank) pages are for rough work, which should be crossed out before the book is handed in. No part of the answer booklet is to be torn out.
3. Begin each question on a new page clearly indicating the question number in the margin.
4. If two or more answer books are used, fill in your details on the front cover of each book and fasten together.
